

Is **Maine** *being buffeted by the* **winds of change?**

In some cases, it's best to let others do the talking for you. In a Wall Street Journal interview on May 4, 2014, Warren Buffett gave his rationale for why his famous investment fund Berkshire Hathaway invests in wind energy. He said:

“....on wind energy, we get a tax credit if we build a lot of wind farms. That’s the only reason to build them. They don’t make sense without the tax credit.”

We couldn't have said it any better. Thanks.
